The Story Behind T&K

EST. 1987

In 1987 when Kevin Gosnell founded T&K, it was as a means to pay for college. Kevin's #1 Life Lesson is about the value of time, and Kevin used his time better than anyone. After graduation, he continued building his entrepreneurial skills and turned his summer job into a regional powerhouse. The early years were all about networking, building relationships, seeking out mentors and making customers look tremendous. His plan worked as he built the company to 150 employees. In 2017 T&K celebrates its 30th Anniversary. We are proud of our reputation for providing best-in-class asphalt services, but more than that, we are proud of how we went about it. Kevin had a passion for people.

He cared just as deeply about the success of our employees as he did our customers. That passion is woven deeply into the fabric of T&K today. It is no accident that we boast the highest employee retention rate in the industry. Many of our employees have been here for over 20 years. Today, just as it started 30 years ago, our company runs on relationships and we wouldn't have it any other way!

Best in Class

T&K COMMERCIAL FLEET

With over 400 pieces of equipment, our 24/7 maintenance facility and 150 employees, we are able to schedule, control, and deliver jobs on time and on budget. This self-performing model is rare in today's commoditized marketplace, but after 30 years and over 10,000 jobs, our customers like the results.

The T&K Difference

One word: **PEOPLE**. We are proud to say, **"WE HAVE THE VERY BEST!"** At T&K, we believe in continuous improvement. Through our training center, the T&K Academy, our employees are able to take classes on a wide range of topics such as Leadership, Safety, and Product Knowledge, just to name a few. We boast one of the highest employee-retention rates in the industry. Many of our employees have been with us for 20+ years. We're proud of our people!

FOR 30 YEARS WE HAVE BEEN BUILDING RELATIONSHIPS WITH COMPANIES THROUGHOUT NEW ENGLAND & NATIONALLY

"I see them as more of a partner than a contractor."

Bob Morelli, First Realty

"I highly recommend T&K Asphalt Services for any company who has big or small needs with their asphalt and concrete."

Scott Santangelo, Boston Scientific

What truly sets T&K apart is their ability to go above and beyond on every project; they may be on site to focus on one project, but Chris has been instrumental in bringing to our attention other areas that could potentially be a liability to our company and manage that process for us. It's rare in this day and age to receive that depth of customer service and attention to detail."

Robyn Duffy, Jones Lang Lasalle

"T&K is able to provide me with a one-stop shopping experience - they handle everything from paving & sealcoating to ADA requests and site work."

Neil Young, Beacon Communities

"T&K provides great service, a fair price and commitment to doing a quality job."

George Yeomelakis, Harvard University

"It's wonderful having all aspects of asphalt care under one roof."

John Delprete, Jordan's Furniture
